WEBINAR

Best Available Techniques (BATs) for the Indian Foundry Sector

Enhancing Resource Efficiency and Green Technologies

Tuesday | 17 October 2023 | 15:00-16:30 (IST)

Exchange of information with a renowned expert on the Best Available Techniques (BATs) relevant to the Indian foundry sector. The focus of the webinar will be to understand the technologies and processes to enhance resource and energy efficiency, and curb fugitive emissions in the foundry sector.
